## DR. G. R. MILLER SPEAKS AT Y.S. HI GRADUATION

"This is the Atomic Age, the age of dynamic progressiveness, the greatest technological era the world has ever seen, an age where God and man must go hand in hand and never lose sight of the teachings of Christ Jesus," Dr. George R. Miller, Sahm professor of physics at Gettysburg college, told the students of York Springs high school Friday evening at the annual commencement exercises there.

"Science supplies us with knowledge, but the question of how we use it lies entirely apart from science. The only hopeful approach to the problem is to discipline ourselves in regard to the use of this power. Man cannot continue to be the unbridled master of such a powerful force and hope to survive."

"An atom is made up of many building blocks, yet the atom has a diameter of only five ten billionths of an inch. It takes energy to bind these blocks together to form an atom and when the atom is broken apart this energy is released."

"Up to Your Generation"  
After describing how the breakdown of atoms produces atomic energy and giving examples, and explaining what isotopes are, he pointed out that the isotopes used in the atom bomb are 20,000 times more powerful than TNT at 0.1 per cent efficiency. "In other words one pound of 92 U-235 would have the power of 10 million pounds of TNT." He also described the use of radioactive iron, phosphorus, iodine and other materials in medical and other studies and in the prevention and cure of diseases such as cancer.

"Shall we, the older generation continue to use atomic energy as an engine of destruction, or shall we at last grow up into adulthood and make a final and complete elimination of war and devote the scientific brains of our nation to peace time purposes? We must educate and persuade you young people to go into science. Our generation must make science attractive, glamorize it, give it the new look so as to attract your generation to become scientists, to become future makers of a new foreign policy and to become leaders of this world," Doctor Miller said.

## JEWS HOLD ON IN JERUSALEM

Within the Old City in Jerusalem, May 22 (AP)—Jewish fighters besieged in the Hebrew quarter of this walled city held out for a fifth day today against pressure from the Trans-Jordan Arab Legion.

Legion officers said last night the Jews still hung onto a 300-yard square of the quarter based on the Beit Yaacov synagogue midway of its western limit.

To the east, the Arabs blew down the north wall of the tall Tiferet Israel synagogue yesterday with five dynamite charges.

The Legion moved into the ground floor of that synagogue Thursday and claimed its capture, but Jews in subterranean chambers and under the domed roof showed their presence with sniping yesterday and Arabs said Irgun Zvai Leumi men counterattacked from the walls.

Outside the old city, the Arabs shelled Jewish positions on Mount Scopus to the north, on Mount Zion to the south and in the Montefiore quarter west of Mount Zion.

They said the Jews had opened up with machineguns and mortars from the grounds of Hadassah hospital and the Hebrew university on Mount Scopus yesterday and had counterattacked Thursday night from Mount Zion in a vain effort to break the old-city siege.

### Egyptian Force Near

Cairo, May 22 (AP)—The newspaper Al Assas said today a mobile Egyptian force has reached Bethlehem five miles from Jerusalem, where the Trans-Jordan Arab Legion is pressing 90,800 Jews.

Al Assas said the force had traveled nearly 40 miles from Beersheba to the town of Christ's nativity in 48 hours. The newspaper, which represents Premier Mahmoud Fahmy Nokrashy Pasha's party, did not disclose the size of the force nor its makeup.

The highway from Beersheba to Bethlehem is believed controlled all the way by the Arab Legion or Palestinian Arabs. Egyptian troops arriving in Bethlehem would be able soon to join Legionnaires fighting for key communications of Jerusalem.

Malcolm V. Burton, of the food and feed office of the U. S. Department of Agriculture, directing the program, said the apples are being sold at \$1.67 a bushel.

The program, he said, is a new experiment in food merchandising designed to serve the dual purpose of providing low-priced buys for consumers and establishing markets for producers and dealers.

Burton said the apples were included in a special list of food products featured in the sale at the request of Adams county fruit growers. Most of the apples, he said, came from storage plants in the Gettysburg area.

## SIXTY INITIATED BY P.O.S.A. ON FRIDAY NIGHT

Washington Camp No. 386, Patriotic Order Sons of America, Littlestown, was host to the state president, Frank S. Doerrman, Reading, and Russell L. Sandt, Taneyville, Pa., national secretary of the order, and many other lodge notables Friday evening when a class of candidates from Gettysburg, New Oxford and Littlestown were initiated into the order. The degree work was in charge of Washington Camp No. 401, Craley, York county, of which Grant M. Wallace of Craley was the degree captain. They were assisted by two members of Washington Camp No. 420, Jacobus.

One hundred and eight candidates had been registered for this class which was known as the George D. Sheely class in honor of George D. Sheely of New Oxford, who is a past district president and has been recording secretary of Camp No. 22, New Oxford, for about 35 years. Sixty of these candidates were initiated on Friday evening, and the rest who were unable to be present at this time will be initiated at York early in June. Snyder of Gettysburg. This emblem is a gift of the Gettysburg, New Oxford and Littlestown camps. Mr. Sheely, who was a member of the General Assembly of Pennsylvania from 1929 to 1933, responded with fitting remarks in which he paid a high tribute to the teachings of the order. He said "It was the teachings of the P.O.S.A. that inspired the late U. S. Senator Boies Penrose to work so hard for restricted immigration." He stated further State Superior Court Judge Chester Rhodes has often testified that it was the teachings of this order that led him to the state bench. Sheely also said that it was through the help received by this order that prompted him to present legislation in the Pennsylvania State House to require the salute and pledge of allegiance to the American flag each school day and also the display of the American flag at the polling place on election day.

State President Doerrman spoke on the theme: "What Makes a Camp of the Sons of America Great?" He said, "The camp that can radiate the spirit of patriotism and citizenship as taught in the Sons of America, truly is a great camp." National Secretary Russell L. ## DR. G. R. MILLER SPEAKS AT Y.S. HI GRADUATION

"This is the Atomic Age, the age of dynamic progressiveness, the greatest technological era the world has ever seen, an age where God and man must go hand in hand and never lose sight of the teachings of Christ Jesus," Dr. George R. Miller, Sahn professor of physics at Gettysburg college, told the students of York Springs high school Friday evening at the annual commencement exercises there.

"Science supplies us with knowledge, but the question of how we use it lies entirely apart from science. The only hopeful approach to the problem is to discipline ourselves in regard to the use of this power. Man cannot continue to be the unbridled master of such a powerful force and hope to survive.

"An atom is made up of many building blocks, yet the atom has a diameter of only five ten billionths of an inch. It takes energy to bind these blocks together to form an atom and when the atom is broken apart this energy is released.

### "Up to Your Generation"

After describing how the breakdown of atoms produces atomic energy and giving examples, and explaining what isotopes are, he pointed out that the isotopes used in the atom bomb are 20,000 times more powerful than TNT at 0.1 per cent efficiency. "In other words one pound of 92 U 235 would have the power of 10 million pounds of TNT." He also described the use of radioactive iron, phosphorus, iodine and other materials in medical and other studies and in the prevention and cure of diseases such as cancer.

"Shall we, the older generation continue to use atomic energy as an engine of destruction, or shall we at last grow up into adulthood and make a final and complete elimination of war and devote the scientific brains of our nation to peace time purposes? We must educate and persuade you young people to go into science. Our generation must make science attractive, glorify it, give it the new look so as to attract your generation to become scientists, to become future makers of a new foreign policy and to become leaders of this world," Doctor Miller said.

With five positions of visitor and senior visitor to be filled in the office of the Adams County Public Assistance board, J. D. Miller, board chairman, announced today that June 6 is the deadline for filing applications for civil service examinations to be held June 26.

These will be the first examinations for regular civil service appointment to social service positions in the department since 1943. To qualify for the position of visitor, the applicant must have had experience in public or private welfare work, teaching, nursing, vocational counseling, credit investigation, personnel placement or rehabilitation work. College training may be substituted for experience on a year for year basis.

### Give Salary Range

The primary duty of the visitor is to interview applicants for and recipients of public assistance to determine their eligibility and the extent of their need. Their work will be in the county in which they reside. Applicants for visitors' positions must be U. S. citizens, residents of Pennsylvania for one year and of the county for six months.

Salaries for visitors range from \$1,932 to \$2,268. Senior visitors are paid from \$2,268 to \$2,562.

Application forms may be secured from state and county public assistance offices, local offices of the State Employment Service or from the State Civil Service Commission. They are to be filed with the State Civil Service Commission, Harrisburg.

## JEWS HOLD ON IN JERUSALEM

Within the Old City in Jerusalem, May 22 (AP)—Jewish fighters beset in the Hebrew quarter of this walled city held out for a fifth day today against pressure from the Trans-Jordan Arab Legion.

Legion officers said last night the Jews still hung onto a 300-yard square of the quarter based on the Beit Yaacov synagogue midway of its western limit.

To the east, the Arabs blew down the north wall of the tall Tiferet Israel synagogue yesterday with five dynamite charges.

The Legion moved into the ground floor of that synagogue Thursday and claimed its capture, but Jews in subterranean chambers and under the domed roof showed their presence with sniping yesterday and Arabs said Irqun Zvai Leumi men counterattacked from the walls.

Outside the old city, the Arabs shelled Jewish positions on Mount Scopus to the north, on Mount Zion to the south and in the Montefiore quarter west of Mount Zion.

They said the Jews had opened up with machineguns and mortars from the grounds of Hadassah hospital and the Hebrew university on Mount Scopus yesterday and had counterattacked Thursday night from Mount Zion in a vain effort to break the old-city siege.

### Egyptian Force Near

Cairo, May 22 (AP)—The newspaper Al Assas said today a mobile Egyptian force has reached Bethlehem five miles from Jerusalem, where the Trans-Jordan Arab Legion is pressing 90,800 Jews.

Al Assas said the force had traveled nearly 40 miles from Beersheba to the town of Christ's nativity in 48 hours. The newspaper, which represents Premier Mahmoud Fahmy Nokrashy Pasha's party, did not disclose the size of the force nor its makeup.

The highway from Beersheba to Bethlehem is believed controlled all the way by the Arab Legion or Palestinian Arabs. Egyptian troops arriving in Bethlehem would be able soon to join Legionnaires fighting for key communications of Jerusalem.

The guests were Mr. Tyson, Aspers, and Frank N. Hewetson, Arendtsville.

## Adams Apples Are 'Banner Buy'

York, Pa., May 22 (AP) — More than 22,000 bushels of Adams county apples went on sale here today under a new "banner buy" program sponsored by the federal government.

Malcolm V. Burton, of the food and feed office of the U. S. Department of Agriculture, directing the program, said the apples are being sold at \$1.67 a bushel.

The program, he said, is a new experiment in food merchandising designed to serve the dual purpose of providing low-priced buys for consumers and establishing markets for producers and dealers.

Burton said the apples were included in a special list of food products featured in the sale at the request of Adams county fruit growers. Most of the apples, he said, came from storage plants in the Gettysburg area.

Asparagus, because of the recent cool weather, was scarcer on the market today and supplies were quickly sold out. The price was 35 cents a bunch.

Several farmers had various plants for sale. Cabbage plants were 15 cents a dozen, cauliflower plants 20 cents a dozen and sweet potato sprouts \$1 per 100.

### Flowers Plentiful

Flowers were more plentiful, both out flowers and potted plants. Peonies sold for 10 cents each. Bunches of iris and other flowers were 25 cents and sprays of pink locust 10 cents each. The potted plants brought various prices.

Butter was 75 cents a pound and lard 30 cents a pound. Only pork on the market was cured bacon at 65 cents a pound and sliced ham at 90 cents a pound.

Eggs remained unchanged at 55 cents a dozen for large whites, 53 cents for large browns and 48 cents for mediums. Dressed chickens were 60 cents a pound and fryers 65 cents a pound.

Portland, Ore., May 22 (AP) — Gov. Thomas E. Dewey of New York today forged steadily ahead of his Republican presidential rival, Harold E. Stassen of Minnesota, as tabulation of Friday's Republican primary vote indicated a Dewey victory in Oregon.

Unofficial returns from 1,072 of the state's 1,861 precincts gave Dewey 50,675, Stassen 44,374.

The New York governor's firm hold on a small but unwavering margin in the presidential primary preference substantiated belief that he had stopped the Minnesota in this sharply fought test of strength for the GOP nomination.

As reporting precincts passed the 1,000-mark, with Dewey displaying unexpected strength in up-state territory generally conceded to Stassen, the New Yorker at this juncture seemed unlikely to be headed.

Stassen's defeat, as indicated at this point in the count, would be his first major setback in a presidential drive starting in Nebraska and Wisconsin.

## Methodists To Erect Penn State Center

Clearfield, Pa., May 21 (AP) — The Central Pennsylvania Methodist Conference has approved a building fund campaign for construction of a Methodist youth center for Pennsylvania State college students.

The conference, yesterday adopted the plan of Rev. Frank W. Montgomery, director of the Wesley foundation at the college. He said the campaign is planned for 1948-50 but that the goal has not been set because architect plans for the center are not complete. The center will be built on a plot adjoining St. Paul's church near the campus.

In a speech last night, Bishop J. Ernest Sommer of Germany, told 500 ministers and laymen of current conditions in Germany. The bishop came to the U. S. to attend a meeting of the Methodist General Conference a few weeks ago at Boston.

The conference scheduled routine business today. It is to end tomorrow with announcement of pastoral appointments for the coming year.

## Nylons For Nothing In Scrambled Sizes

Chester, Pa., May 22 (AP) — It rained nylon stockings for a while in Chester yesterday.

A Pennsylvania Railroad train clipped a corner of a packing box on a platform. The box burst open and 246 pair of nylon stockings dropped at the feet of Chester women.

The California gold rush of 1849 was a picnic compared to the diving, grabbing horde of women that descended on the stocking treasure.

Witnesses said it was better than "pennies from heaven." It was nylons for nothing.

There was only one fly in the nylon ointment. The wind blew the stockings around and women stood on the sidewalks lamenting that they couldn't get two stockings the same size.

## Russians Admit 20,000 Scriptures

Philadelphia, May 22 (AP) — The Russians have permitted 25,000 scriptures from this country to enter the Soviet Union, says Dr. George D. Dilworth, secretary of the Atlantic Agency of the American Bible Society.

The Bible society executive told the Philadelphia annual Methodist conference yesterday, an additional 200,000 portions of the Bible were sent to the Soviets following a request from the Russian Orthodox church.

Bishop Fred P. Corson said it was the first time in a decade "to my knowledge" that the Russians have permitted scriptures from other countries to enter the Soviet Union. "It portrays a great interest and demand on the part of all nations of Europe, totalitarian as well as those which have been liberated, for the religion that has been denied them during the second world war years," the bishop said.

## COALMEN LOOK FOR NLRB ACTION

Washington, May 22 (AP) — Dixie coal operators looked to the national Labor Relations board today for a way out of their deadlock with John L. Lewis over negotiating a new contract.

The southern group hoped for swift action from the board on its charge that Lewis was guilty of unfair labor practices in refusing to bargain with the Southern Coal Producers association. That dispute broke up his new contracts talks before they really started Wednesday.

The association, through its president, Joseph E. Moody, has asked NLRB General Counsel Robert Denham to seek a court order against Lewis.

Such an injunction, if granted, might force Lewis to include the association in future contract negotiations. The extent of the injunction would depend on the court itself and on the type of order Denham sought.

The complaint was filed Wednesday as a supplement to a similar one filed by Moody April 8 because Lewis would not agree to talk over the recent pension dispute with him.

## Democrats Assail GOP Congress

Harrisburg, May 22 (AP) — Two Democratic senators took turns flailing the Republican Congress in speeches here last night before the Pennsylvania Federation of Democratic women.

Sen. Joseph C. O'Mahoney (D-Wyo) accused the GOP Congress of instituting an "unsound fiscal policy" by reducing taxes instead of paying off the debt when the Marshall plan and the armed forces "will need heavy expenditures."

At the same time, the western senator warned that if the United States suffers another depression in the next four years, "it will be impossible for the world to escape totalitarianism."

Sen. Francis J. Myers (D-Pa) told the federation's annual convention that "Republicans in Congress will be responsible if we have a meat shortage in the summer and fall."

Gettysburg high school's baseball team closed its South Penn League season here Friday afternoon by tabbing a run in the last half of the seventh inning to nose out Shippensburg high 6-5.

The victory marked the fifth in seven starts for Coach Shoemaker's outfit. On Monday the Maroons met St. Francis Prep here and then on Tuesday they traveled to Delone Catholic on the local diamond.

Friday's contest was close throughout, Shippensburg pushing over a trio of runs in the top half of the seventh to tie the count at 5-all. The Maroons took advantage of three errors by the Greyhounds to tab four runs in the first frame. Donaldson's homerun climaxed the attack.

Shippensburg picked up single runs in the third and fourth frames. Gettysburg added a run in the fourth when Kitzmiller smashed the second of his two triples and scored on Biesecker's single.

**Tie Score**  
A base on balls to Hockensmith, a single by Hancock, an error, and a single by Beckenbaugh featured Shippensburg's three-run rally in the seventh.

Bushman opened the last half with a single and was forced by Kump. After Bucher fanned Eisenhart and Donaldson followed with singles to send Bushman over with the winning run.

Kitzmiller hurled effectively for the Maroons, granting seven hits while fanning four and walking three. Lee Lynch, the South Penn cage scoring champ, was touched for 12 hits.

## GHS TRACKMEN TRIP CATHOLIC IN FINAL MEET

Three meet records were established and one new Gettysburg high school mark was set as the Maroons finished their track campaign here Friday afternoon by defeating Harrisburg Catholic high in a dual meet 65 1/2-47 1/2.

Bruce Westerdahl smashed the old record of 12.8 seconds in the 110-yard low hurdles by winning the event in 12.7. He had set the 12.8 mark earlier this year. The meet record of 13.3 was established by John Kinnean, Gettysburg, in 1942.

Tom McLaughlin tied the school record and broke the meet mark in the high jump with a leap of 5 feet, 8 inches. The school mark was set by John McKeenrill while the former record was 5 feet, 6 1/2 inches set by Salinger, of Catholic high, in 1943.

**McLaughlin Captain**  
McLaughlin was elected honorary captain of the team by squad members following the meet.

Taljan, Catholic high, set a new meet record in the broad jump at 21 feet, 4 1/2 inches, breaking the mark set by Filippile, of Catholic, in 1943 of 20 feet, 4 1/2 inches.

The meet was close throughout. Gettysburg led 52-47 and clinched victory by winning the high jump and half-mile relay.

## Eastern League

**(By The Associated Press)**  
The Scranton Miners were riding high today in the Eastern league with a three-and-a-half game lead over the second-place Williamsport Tigers and a six-game winning streak. The Miners won a 4-3, tenning victory last night (Friday) from the Utica Blue Sox.

Williamsport split a double header with the Hartford Chiefs in the only other action in the circuit. The Tigers won the seven-inning opener, 3-2, but were trounced in the second, 11-1. The nightcap was called at the end of five innings because of rain.

Albany's scheduled twin bill at Elmira and a single game between Binghamton and Wilkes-Barre at Wilkes-Barre were postponed because of threatening weather.

No games are scheduled today. In Sunday's double bills, Williamsport will play at Binghamton. Elmira at Utica. Wilkes-Barre at Albany and Scranton at Hartford.

## PIRATES CLIMB TO THIRD PLACE; A'S STOP TIGERS

**By RALPH RODEN**  
**(Associated Press Sports Writer)**

It's a big jump from the bottom of the heap to the first division, but the Pittsburgh Pirates are trying to prove that it can be done.

Of course, the season has a long way to run and the Pirates may hit a snag when they run into the usual heavy mid-season doubleheaders, but Manager Billy Meyer's crew is in third place today, pressing the St. Louis Cardinals for the lead.

Due to postponements, Meyer has been able to give his veteran pitchers such as Rip Sewell, Elmer Riddle and Fritz Ostermueller plenty of rest and the oldtimers have come through with nine of the Pirates' 15 victories.

**No Surprise To Rickey**  
Very few thought that the Pirates, who finished the 1947 season in a seventh place tie with the Philadelphia Phillies, would be among the upper brackets this year. One who did, however, is Branch Rickey, president of the Brooklyn Dodgers.

"The Pirates will finish in the first division," Rickey said in spring training. The Deacon didn't say exactly where he thought his Dodgers would place and perhaps it's just as well.

Rickey isn't reminding people of his prediction and pointing out how the Pirates are living up to it because his Dodgers, defending National league champions, are in seventh place and threatening to drop lower.

**Handed Bums Sixth Defeat**  
The Pirates paid their first visit to Ebbs field, home of the Dodgers, yesterday, and shot up the place, 8-4, to hand the Brooks their sixth straight loss.

Frankie Gustine and Max West were the big guns in the Pirate bombardment, but former Dodgers Ostermueller, Hal Gregg and Dixie Walker also played important parts.

The victory enabled the Pirates to pull to within four percentage points of the second place New York Giants, and to within two and a half games of the Cards.

The Giants took an 8-3 cuffing from the Chicago Cubs while the Cards bowed, 3-1, to the Braves in a night game at Boston. Two homers by Rookie Clarence Maderen and a homer and triple by Eddie Waitkus featured the Cub triumph in the Polo Grounds. Maderen batted in four runs and Waitkus three.

Meanwhile, the Philadelphia Athletics cut the first place American Indians to a half game by beating the Detroit Tigers, 9-6, while the Indians dropped a 11-5 decision to the Boston Red Sox.

The Chicago White Sox, led by two former Yankees, Bill Wight and Aaron Robinson, beat the New York Yankees, 3-0. Wight held the Yankees to three singles while Robinson drove in one run and scored another. The win was the last place Sox's fifth in 24 games.

In a night game at St. Louis the Browns eked out a 4-3 victory over the Washington Senators to hold fifth place, five percentage points behind the Tigers.

A scheduled night game between the Cincinnati Reds and the Phillies in Philadelphia was postponed because of rain.

## PIAA BOARD HOLDS MEETING

State College, Pa., May 22 (AP)—The Pennsylvania Interscholastic Athletic Association headed into its biggest day of 1948 here today with new state championships scheduled to be crowned in three separate sports—track, tennis and golf.

Title matches in golf and tennis will be played this morning, while more than 500 schoolboy track stars will vie this afternoon for individual crowns.

At the same time, the PIAA's board of control opened the second day's session of its annual spring meeting.

The board in actions yesterday welcomed Allentown high school back into the PIAA fold. The district 11 committee had previously rescinded Allentown's suspension with the provision that the Canaries could not take part in district or state title playoffs for two or more years. The committee also ruled that the Allentown principal would be made solely responsible for the conduct of athletics at his school.

Also on the board agenda yesterday was a lengthy discussion of girls' athletics. Some rural schools objected to the provision that girls' games must be played in the afternoon rather than as a preliminary to boys' games in the evening.

Objections also were voiced over the provision that girls' teams must be coached by feminine instructors. In many rural schools the one coach handles both boys' and girls' sports. The board took no official action on the objections.

Frosty Cox, Colorado U. basketball coach, prescribes daily workouts on the handball court for awkward cagers. It's an excellent conditioner and teaches coordination of the hands and feet.

Where it interests Cox, of course, is that Rodney Bell, a six-foot-tent lad who couldn't get out of his own way for a while has learned to move around quite well after a few weeks of handball. Villanova college is looking for some good ball carrying from Jack Moran, a lightweight back who looked good in spring scrimmage. What makes Jack a real standout is that he picked his college without encouragement just because Villanova was his brother-in-law's school.

## MAROONS HALT SHIPPENSBURG BY 6-5 SCORE

Hanover	2	4	.333
Shippensburg	1	4	.200

Gettysburg high school's baseball team closed its South Penn league season here Friday afternoon by tabbing a run in the last half of the seventh inning to nose out Shippensburg high 6-5.

The victory marked the fifth in seven starts for Coach Shoemaker's outfit. On Monday the Maroons met St. Francis Prep here and then on their season Tuesday by engaging Delone Catholic on the local diamond.

Friday's contest was close throughout, Shippensburg pushing over a trio of runs in the top half of the seventh to tie up the count at 5-all. The Maroons took advantage of three errors by the Greyhounds to tab four runs in the first frame, Donaldson's homerun climaxed the attack.

Shippensburg picked up single runs in the third and fourth frames. Gettysburg added a run in the fourth when Kitzmiller smashed the second of his two triples and scored on Biesecker's single.

**Tie Score**  
A base on balls to Hockensmith, a single by Hancock, an error, and a single by Beckenbaugh featured Shippensburg's three-run rally in the seventh.

Bushman opened the last half with a single and was forced by Kump. After Bucher fanned Eisenhart and Donaldson followed with singles to send Bushman over with the winning run.  
Kitzmiller hurled effectively for the Maroons, granting seven hits while fanning four and walking three. Lee Lynch, the South Penn ace scoring champ, was touched for 12 hits.

## GHS TRACKMEN TRIP CATHOLIC IN FINAL MEET

Three meet records were established and one new Gettysburg high school mark was set as the Maroons finished their track campaign here Friday afternoon by defeating Harrisburg Catholic high in a dual meet 65½-47½.

Bruce Westerdahl smashed the old record of 12.8 seconds in the 110-yard low hurdles by winning the event in 12.7. He had set the 12.8 mark earlier this year. The meet record of 13.3 was established by John Kinneman, Gettysburg, in 1942.  
Tom McLaughlin tied the school record and broke the meet mark in the high jump with a leap of 5 feet, 8 inches. The school mark was set by John McKeenrick while the former record was 5 feet, 6½ inches set by Salinger, of Catholic high, in 1943.

McLaughlin was elected honorary captain of the team by squad members following the meet.  
Tallan, Catholic high, set a new meet record in the broad jump at 21 feet, 4½ inches, breaking the mark set by Phillippe, of Catholic, in 1943 of 20 feet, 4½ inches.

The meet was close throughout. Gettysburg led 52-47 and clinched victory by winning the high jump and half-mile relay.

**Eastern League**  
(By The Associated Press)  
The Scranton Miners were riding high today in the Eastern league with a three-and-a-half game lead over the second-place Williamsport Tigers and a six-game winning streak. The Miners won a 4-3, teninning victory last night (Friday) from the Utica Blue Sox.

Williamsport split a double header with the Hartford Chiefs in the only other action in the circuit. The Tigers won the seven-inning opener, 3-2, but were trounced in the second, 11-1. The nightcap was called at the end of five innings because of rain.

Albany's scheduled twin bill at Elmira and a single game between Binghamton and Wilkes-Barre at Wilkes-Barre were postponed because of threatening weather.

No games are scheduled today. In Sunday's double bills, Williamsport will play at Binghamton, Elmira at Utica, Wilkes-Barre at Albany and Scranton at Hartford.

## PIRATES CLIMB TO THIRD PLACE; A'S STOP TIGERS

(By RALPH RODEN)  
(Associated Press Sports Writer)  
It's a big jump from the bottom of the heap to the first division, but the Pittsburgh Pirates are trying to prove that it can be done.

Of course, the season has a long way to run and the Pirates may hit a snag when they run into the usual heavy mid-season doubleheaders, but Manager Billy Meyer's crew is in third place today, pressing the St. Louis Cardinals for the lead.

Due to postponements, Meyer has been able to give his veteran pitchers such as Rip Sewell, Elmer Riddle and Fritz Ostermueller plenty of rest and the oldtimers have come through with nine of the Pirates' 15 victories.

**No Surprise To Rickey**  
Very few thought that the Pirates, who finished the 1947 season in a seventh place tie with the Philadelphia Phillies, would be among the upper brackets this year. One who did, however, is Branch Rickey, president of the Brooklyn Dodgers.

"The Pirates will finish in the first division," Rickey said in spring training. The Deacon didn't say exactly where he thought his Dodgers would place and perhaps it's just as well.

Rickey isn't reminding people of his prediction and pointing out how the Pirates are living up to it because his Dodgers, defending National league champions, are in seventh place and threatening to drop lower.

**Landed Bums Sixth Defeat**  
The Pirates paid their first visit to Ebbets field, home of the Dodgers, yesterday, and shot up the place, 8-4, to hand the Brooks their sixth straight loss.

Frankie Gustine and Max West were the big guns in the Pirate bombardment, but former Dodgers Ostermueller, Hal Gregg and Dixie Walker also played important parts.

The victory enabled the Pirates to pull to within four percentage points of the second place New York Giants, and to within two and a half games of the Cards.

The Giants took an 8-3 cuffing from the Chicago Cubs while the Cards bowed, 3-1, to the Braves in a night game at Boston. Two homers by Rookie Clarence Maddern and a homer and triple by Eddie Waitkus featured the Cub triumph in the Polo Grounds. Maddern batted in four runs and Waitkus three.

Meanwhile, the Philadelphia Athletics cut the first place American Indians to a half game by beating the Detroit Tigers, 9-6, while the Indians dropped a 11-5 decision to the Boston Red Sox.

The Chicago White Sox, led by two former Yankees, Bill Wight and Aaron Robinson, beat the New York Yankees, 3-0. Wight held the Yankees to three singles while Robinson drove in one run and scored another. The win was the last place Sox's fifth in 24 games.

In a night game at St. Louis the Browns eked out a 4-3 victory over the Washington Senators to hold fifth place, five percentage points behind the Tigers.

A scheduled night game between the Cincinnati Reds and the Phillies in Philadelphia was postponed because of rain.

## PIAA BOARD HOLDS MEETING

State College, Pa., May 22 (AP)—The Pennsylvania Interscholastic Athletic Association headed into its biggest day of 1948 here today with new state champions scheduled to be crowned in three separate sports—track, tennis and golf.

Title matches in golf and tennis will be played this morning, while more than 500 schoolboy track stars will vie this afternoon for individual crowns.

At the same time, the PIAA's board of control opened the second day's session of its annual spring meeting.

The board in actions yesterday welcomed Allentown high school back into the PIAA fold. The district 11 committee had previously rescinded Allentown's suspension with the provision that the Canaries could not take part in district or state title playoffs for two or more years. The committee also ruled that the Allentown principal would be made solely responsible for the conduct of athletics at his school.

Also on the board agenda yesterday was a lengthy discussion of girls' athletics. Some rural schools objected to the provision that girls' games must be played in the afternoon rather than as a preliminary to boys' games in the evening.

Objections also were voiced over the provision that girls' teams must be coached by feminine instructors. In many rural schools the one coach handles both boys' and girls' sports. The board took no official action on the objections.

Frosty Cox, Colorado U. basketball coach, prescribes daily workout on the handball court for awkward cagers. "It's an excellent conditioner and teaches coordination of the hands and feet. . . . Where it interests Cox, of course, is that Rodney Bell, a six-foot-ten lad who couldn't get out of his own way for a while has learned to move around quite well after a few weeks of handball. . . . Villanova college is looking for some good ball carrying from Jack Moran, a lightweight back who looked good in spring scrimmage. . . . What makes Jack a real standout is that he picked his college without encouragement just because Villanova was his brother-in-law's school.

## DEWEY LEADING IN OREGON VOTE

Portland, Ore., May 22 (AP)—Gov. Thomas E. Dewey of New York today forged steadily ahead of his Republican presidential rival, Harold E. Stassen of Minnesota, as tabulation of Friday's Republican primary vote indicated a Dewey victory in Oregon.

Unofficial returns from 1,072 of the state's 1,861 precincts gave Dewey 50,875, Stassen 44,374.

The New York governor's firm hold on a small but unwavering margin in the presidential primary preference substantiated belief that he had stopped the Minnesotan in this sharply fought test of strength for the GOP nomination.

As reporting precincts passed the 1,000-mark, with Dewey displaying unexpected strength in up-state territory generally conceded to Stassen, the New Yorker at this juncture seemed unlikely to be headed.

Stassen's defeat, as indicated at this point in the count, would be his first major setback in a presidential drive starting in Nebraska and Wisconsin.

## Nylons For Nothing In Scrambled Sizes

Chester, Pa., May 22 (AP)—It rained nylon stockings for a while in Chester yesterday.

A Pennsylvania Railroad train clipped a corner of a packing box on a platform. The box burst open and 246 pair of nylon stockings dropped at the feet of Chester women.

The California gold rush of 1849 was a picnic compared to the diving, grabbing horde of women that descended on the stocking treasure.

Witnesses said it was better than pennies from heaven. It was nylons for nothing.

There was only one fly in the nylon ointment. The wind blew the stockings around and women stood on the sidewalks lamenting that they couldn't get two stockings the same size.

The Trenton Giants were only one game behind pace setting Wilmington today following their 3 to 1 win over York last night. A 380-foot home run by Maurice Cunningham with a mate on base gave Trenton its win. Southpaw Paul LaPalme limited York to five scattered hits registering his second win against no defeats. Wilmington was rained out of its game with Hagerstown.

Third place Sunbury remained a game in back of Trenton by taking the opener of a four-game series from Lancaster 7 to 4. Allentown won a slugging duel from fourth place Harrisburg 13 to 10. Seven errors and 16 bases on balls were part of a loosely played game. Allentown collected 17 hits off three Harrisburg pitchers.

Today's schedule: Hagerstown at Wilmington, York at Trenton, Allentown at Harrisburg and Sunbury at Lancaster.

Birkdale, England, May 22 (AP)—The United States retained possession of the Curtis Cup, international golf trophy for women, by winning four of the six single matches played today with British links guests. The final score was 6 to 2.

The Americans who have held the cup since it was put into competition in 1932, won two of three four-teams yesterday. In addition to the four singles triumphs today they also drew with the British force in a fifth.

## Russians Admit 20,000 Scriptures

Philadelphia, May 22 (AP)—The Russians have permitted 25,000 scriptures from this country to enter the Soviet Union, says Dr. George D. Dilworth, secretary of the Atlantic agency of the American Bible Society.

The Bible society executive told the Philadelphia annual Methodist conference yesterday, an additional 200,000 portions of the Bible were sent to the Soviets following a request from the Russian Orthodox church.

Bishop Fred P. Corson said it was the first time in a decade "to my knowledge" that the Russians have permitted scriptures from other countries to enter the Soviet Union.

"It portrays a great interest and demand on the part of all nations of Europe, totalitarian as well as those which have been liberated, for the religion that has been denied them during the second world war years," the bishop said.

## COALMEN LOOK FOR NLRB ACTION

Washington, May 22 (AP)—Dixie coal operators looked to the national Labor Relations board today for a way out of their deadlock with John L. Lewis over negotiating a new contract.

The southern group hoped for swift action from the board on its charge that Lewis was guilty of unfair labor practices in refusing to bargain with the Southern Coal Producers association. That dispute broke up the new contracts talks before they really started Wednesday.

The association, through its president, Joseph E. Moody, has asked NLRB General Counsel Robert Denham to seek a court order against Lewis.

Such an injunction, if granted, might force Lewis to include the association in future contract negotiations. The extent of the injunction would depend on the court itself and on the type of order Denham sought.

The complaint was filed Wednesday as a supplement to a similar one filed by Moody April 8 because Lewis would not agree to talk over the recent pension dispute with him.

Democrats Assail GOP Congress

Harrisburg, May 22 (AP)—Two Democratic senators took turns flailing the Republican Congress in speeches here last night before the Pennsylvania Federation of Democratic women.

Sen. Joseph C. O'Mahoney (D-Wyo) accused the GOP Congress of instituting an "unsound fiscal policy" by reducing taxes instead of paying off the debt when the Marshall plan and the armed forces will need heavy expenditures.

At the same time, the western senator warned that if the United States suffers another depression in the next four years, "it will be impossible for the world to escape totalitarianism."

Sen. Francis J. Myers (D-Pa.) told the federation's annual convention that "Republicans in Congress will be responsible if we have a meat shortage in the summer and fall."

**Today's Talk**

**THE JOY OF SHARING**

I do not like to eat alone, travel alone, enjoy a book or play alone. Nor do I like to gain the thrill of anything of beauty alone. To share it with another is the supreme joy of all. I believe that this is the common experience of most people.

Being a book lover, friends often send me books that they think I may love and enjoy as they did. A few such books I, in turn, like to distribute—and it always endears those books to me anew. In these talks I often mention books that I have enjoyed and like to pass the news along. Only recently I received a letter from a reader of these talks in which the gentleman said that he had cancelled his subscription to a book club and joined the "C. M. A. book club!" And these, he said, were the ones that he put into his library to read and re-read. That added greatly to my joy of sharing.

Our libraries and art galleries were established for this one purpose of sharing with others. And what an investment it is on the part of every community! The poet Lowell, you may recall, said in one of his poems that "the gift without the giver is bare." We have to share in order to enjoy to the full of anything.

It is a natural process, this sharing with others. Even the child will run to its mother to tell of a beautiful flower or a bird that it has seen, in order that there may be a mutual experience of enjoyment.

Many of the rare books in my library, that I have collected over the years, have several bookplates in them of former owners and lovers. I prize these, for they tell me of the joy that others have had, and who have passed them on to me—and I, in turn, shall pass them on to others, so that the joy may become an endless one.

None of us can long live happily alone, nor can we enjoy anything to its full without sharing that joy. We can share our companionship, and our love for all things beautiful and inspiring. Each of us is happiest as a distributor. I like books that contain the letters of noted people. I have a long shelf of them. But little did the writers ever dream of the joy that they would some day give to others. We share best when we share ourselves most.

**Democrats Defeat Labor Slate:**  
Philadelphia, May 18 (AP)—Democratic state committee candidates smashed a slate backed by Labor Leader John L. Lewis and Senator Joseph F. Guffey in Pennsylvania's primary and looked today for some avenue to peace in the bitter factional strife.

Meanwhile Republicans, who nominated Superior Court Judge Arthur H. James for governor by a margin of landslide proportions over former Governor Gifford Pinchot, raised an anti-New Deal battle cry and hailed the wounds opened in the Democratic lines as presaging a Republican return to state power in November.

**NEW HOPE FOR MOSLEM-HINDU PEACE IN INDIA**

BY DEWITT MACKENZIE  
(AP Foreign Affairs Analyst)

Great hopes of Hindu-Moslem peace in the Indian subcontinent are attached to the appointment of Chakravarti Rajagopalachari as successor to Lord Mountbatten when the latter retires from the governor generalship of the Dominion of India in June.

Rajagopalachari is generally credited by his countrymen with being one of the most notable personalities India has produced. He is wise; he is possessed of great leadership; he is a humanitarian and a friend of all mankind; he has the knack of bringing warring factions together.

In short, "CR." or "Rajaji"—to give the terms of affection to which the public has reduced his rather awesome name—is generally regarded in India as being a paragon of all the virtues.

**Temporary Play**

Small wonder then that his appointment to the high position of governor general should immediately give rise to the thought that he might be the one chosen by destiny to bring an end to the age-old and bloody strife between Moslems and Hindus. Many of the more hopeful even are envisaging the ultimate union of the now two distinct Dominions of India (Hindu) and Pakistan (Moslem). That "CR." himself is thinking along the lines of peace was clearly demonstrated the other day when he made a speech in which he referred to the partition of the peninsula into the two dominions in these terms:

"If you will look at both sides of it you will maintain silence and accept the present conditions. These partitions are temporary play. Society will become one and indivisible though the governments may be divided for all time—the division of governments may be there but the peoples will soon become one all over India and be a great people of the world."

I have spent much time in India, studying the complicated relationship between Hindus and Moslems, and believe that Rajagopalachari's prophecy will come true. And some day the two dominions will be united in a federal government, if for no other reason than that the laws of economics will intervene—though that will be after peace has been made between the two great religions.

**MEAT PACKERS ENDING STRIKE**

Chicago, May 22 (AP)—The 10-week-old nationwide meat strike, which did not cause any severe meat shortages to consumers, is ended against three of the four major packers.

The striking CIO United Packing-House Workers union, accepting original company wage offers, called off the prolonged walkout yesterday against Swift, Armour and Cudahy but not against Wilson.

The end of the costly work stoppage, union officials announced, followed a vote by strikers approving the company's offer of a nine cents hourly wage increase. In rejecting the offer in pre-strike negotiations, the union called out its claimed 100,000 members on March 16. It had asked for a wage hike of 29 cents an hour.

The strike, which had been marked by some rioting at several livestock centers and the calling out of national guardsmen in Minnesota and Iowa, will continue at seven Wilson plants which normally employ about 8,000 workers.

Pickets at 25 Armour, 24 Swift and 19 Cudahy plants across the country were to be withdrawn today, said Ralph Helstein, union president. He said the workers will return to their jobs Monday.

A union spokesman said that while the strike had ended at the plants operated by the three major packers, it was expected strikers at Rath, Morrell and other smaller plants would take similar action. He added, however, that depended on "local circumstances."

Traveling 80 miles an hour is one way of not making the same mistake twice.

**More On Super Tires**

If your car is an old one and you are considering enhancing its riding qualities by installing a set of lower pressure tires now being offered as "new" here are a few facts to consider:

These fatter tires will lower acceleration and make parking harder. You may have trouble using chains on the rear tires if the wheel-holes are too close. If you install only two of these tires put them on the front, not the rear, but two tires won't give you the softer ride to be derived from four.

Interestingly enough you'll note greater riding quality improvement from these tires on your car's narrow rims than you would if switching to the softer tires on the wider rims of a newer car. Another oddity is that these tires improve gas mileage a little. There's less power waste through bouncing on a rough road.

**Make 'Em Simple**

While it is a hard-working part the modern clutch for passenger cars certainly leaves much to be desired. I wish the entire industry would switch to some of the clutches used for buses and trucks for here we find simplicity, strength, ease of adjustment. On one clutch it is merely necessary to remove a few shims in order to put the clutch right back to its original capacity. It also has 20 louvred pressure-equalizing levers which help to cool the clutch by circulating air around the pressure plate. On passenger car clutches there are a number of springs which, if weakness or breakage occurs, causes distortion. In truck practice one clutch spring will do the job, and apparently do it better.

**No Unmitigated Blessing**

Perhaps it has never occurred to you that if the engine doesn't use much oil you should be more careful what oil you buy for it. When an engine runs a thousand miles or so without any need for adding oil it is running on the same oil all the time. This is in contrast to the engine that uses so much oil it is constantly being treated to new oil. The owner has no other way of keeping the oil level up.

I have seen cases where engines that gave excellent oil mileage had a short life of efficiency just because their owners always let them run too many miles on the old oil with its abrasives, dirt and diluent. So don't be too ready to cheer for that high oil mileage. It may be trouble in disguise.

**Mechanic Joe Speaking:**

"Speaking of blessings reminds me of the customer who wisely refused to be sunk by what looked like serious trouble with his car. Not only did the engine develop a leaky cylinder head gasket, but about a gallon of water actually got into the crankcase over a three-day period in which he was using the car. He took it quite calmly, had the gasket replaced, the crankcase carefully drained and flushed, and then proceeded to use the car as if nothing had happened. Two days later he returned to tell me that the engine ran very much better. A month later he reported that on a trip the motor used very little oil. Apparently the steam vapor did some sort of ring cleaning job."

**Rules Out Fatigue**

Banishing fatigue is such a factor for safety factors may well cling to every convenience offered by the accessory makers. Newest is an arm rest for the driver's right hand side. There's a new shield to fit over the rear view mirror to check night glare, while a hand control of the throttle that operates from a point close to the steering wheel saves foot fatigue. If you have a lot of stopping to do perhaps you could use a booster to assist in exerting pedal pressure. Your passengers will be happier, more cooperative, if they have those neck rests, special moon-shaped washable pillows to take away neck strain on a long trip. A lot of travelers this summer will be using those coolers which operate on the principle of evaporating water.

**Use for Spare Lamp**

Latest convenience for your traveling is use for your spare seated beam headlamp. Instead of carrying this in the luggage compartment, boxed and useless, one accessory company has built a special holder which enables it to double in brass as a trouble-shooter. It can be connected into the electrical system via a plug which fits into the cigar lighter receptacle. Rather smart, in the opinion of many a seasoned motorist. Incidentally, this makes an unusually bright trouble light or emergency spotlight for reading house numbers or road signs at night.

**Picked Up En Route**

Look into auto show windows when traveling if you want to see special colors and models of your favorite make. . . . Why do so many manufacturers overlook the opportunity to make you approve the looks of the car's rear. . . . You gaze at the rear more than the front, yet the latter gets all the attention from designers. . . . One of the things you must learn when towing a trailer is the need of allowing about three times the usual space for overtaking another car. . . . Americans are using oil at the rate of 157,374 gallons a minute. . . . Virginia is planning to erect enlarged highway signs at locations which drivers find are "confusion points." . . . Watch out for those kids riding school buses.

**Do You Know That—**

The faster your car travels the fewer revolutions its wheels make per mile? This is due to the fact that at higher speed the tire circumference is increased through centrifugal action.

Motorists who use rust inhibitor religiously seldom have water pump trouble? The inhibitor, being a lubricant, helps prevent wear on the pump.

**Can It Be Fixed?**

News that 75 per cent of the "defective" gas gauges returned to one car factory were found to be perfect simply is further proof that there is a real absence of skill in testing for car troubles. Also there probably is too much inclination to condemn the new cars. Disturbed by minor trouble, or hints of it, the temptation is to jump to conclusions. Branding an entire unit as defective has become something of a habit now that it has become customary to ship so many defective parts back to the factory rather than try to repair them on the spot. While such service may seem pleasant actually it is often more trouble than having a mechanic make a more accurate test and supply the right answer on the scene.

**What's Your Trouble?**

Q. What would cause a peculiar rumbling noise when my car is traveling about 50 miles an hour? The muffler has been replaced, the tires are all good, there doesn't seem to be anything loose.—J. N. B.

A. This may be a fan noise. Remove the belt for a test.

Q. I have noticed that lately when the car goes into a sharp turn or is headed up or down a steep hill the oil pressure gauge shows a lower than normal reading. Can you account for this?—W. L. H.

A. Better check the oil pump's intake. This may be too high. Another possibility is a partially clogged screen to the pump. I am assuming that the engine's oil level is normally high.

Q. Since taking delivery of my car last year I have been using No. 10 oil. Now I am wondering if this is going to be satisfactory for the summer. I have had several opinions. One mechanic advises me to switch to No. 30 oil. Another says that No. 20 should be heavy enough. Or should I continue using No. 10. —Wm. L. B.

A. The only way to tell about this

# HITS SNIPING BY GOP CANDIDATES

Philadelphia, May 22 (AP)—Pennsylvania's Gov. James H. Duff said contenders for the Republican presidential nomination should stop sniping at each other and save tactics for the Democrats in the November election.

Speaking last night to party leaders from all over the state who will attend today's state Republican committee meeting, the governor declared: "I have never heard as much viciousness about candidates

for the Republican party as we have this year."

His remarks apparently referred to the bitter exchanges during the past weeks between Gov. Thomas E. Dewey of New York and former Gov. Harold E. Stassen of Minnesota, two of the leading rivals for the GOP presidential nomination.

Duff said there has "been too much spreading of venom among

ourselves instead of spending that venom against the opposition."

"Fundamentally," the governor added, "that is a tremendous mistake." He warned party workers against taking it for granted the Republicans will win the presidency and said the balloting must be taken "seriously" under a united front if victory is to be achieved. "No group is big enough to ignore the necessity of a united front," he declared.
